Canine Bones for Christmas

Sunset Magazine, December 1991

1 pound beef liver
2 large eggs, shells washed
1 cup low fat cottage cheese
1 1/2 cups wheat germ
About 3 1/4 cups whole wheat flour

Rinse liver and cut into 1" chunks. Place in a large 1 1/2 or 2 quart pan with 1 cup water. Bring to a boil on high heat, cover, reduce heat and simmer gently until liver is no longer pink in center of thickest piece (cut to test), about 5 minutes. Drain liquid into a 1 cup measure; if needed, add more water to make 1 cup. Put liver in a blender or food processor; break in eggs, including shells. Whirl to puree, adding reserved liquid as needed to keep mixture moving; scrape sides of container often. Scrape mixture into a bowl; add remaining cooking liquid, cottage cheese, wheat germ and 3 cups flour. Stir until evenly moistened. Scrape dough onto a well-floured laminated counter or large plastic cutting board (wood is apt to pick up liver odor); knead until dough no longer feels sticky, adding more flour as required.

Shape dough into a ball and set aside. Scrape counter clean and coat lightly with more flour. Set dough on flour, dust ball with flour, then roll out until 1/2 inch thick. Cut with a floured bone-shaped cookie cutter (sold in cookware shops), or lay a floured bone-shaped template (made of firm cardboard and about 3 1/2" long) on dough and cut around it with a short-bladed knife. (Or don't roll out dough; instead, pinch 2 tablespoon lumps of it into bone shapes.) Set bones slightly apart on greased 12 by 15 inch baking sheets. Bake in a 300 degree oven until bones are tinged darker brown and feel firm to touch; about 1 hour. Transfer to racks to cool. (Once cool, bones should be hard when pressed; if not, return to oven and bake 10 minutes longer; cool.) To store, package airtight in refrigerator or freezer. Makes about 4 1/2 dozen 3 1/2 inch long bones.

BREEDER INFORMATION

***Note to the person looking for a Chihuahua:** The Chihuahua Club of Hawaii does not provide any guarantees as to the quality and health of any Chihuahua placed by any of the breeders. If you are looking for a Chihuahua you should always be very careful what you buy, it is "Buyer Beware." The Club has more information on the [Finding a Chi](#) Web page, which may help you to decide whether a Chihuahua is the right dog for you, questions to ask breeders, and some things to watch out for when you are looking for a dog. These are paid advertisements, and the breeders are listed by seniority in regard to the start date of their original ad. The Club does not endorse any particular breeder, but to place an ad on this page, the breeder must be a Club member, must breed Chihuahuas registered or registerable with the American Kennel Club (AKC), and be in good standing with the AKC.

****Note to breeder with an ad on this page:** The Club reserves the right to pull an ad for any reason, and also reserves the right to refuse to place a breeder's advertisement in the newsletter and Web site. Only breeders with good standing in the Club and the AKC are allowed to place an ad. If the Club decides to pull a breeder advertisement, no compensation will be due to the breeder for the remainder of the year. The Club expects all breeders with an ad on the Club Web site and newsletter to conduct themselves in a business-like and professional manner. The Club will make a good faith effort to accurately reflect the wording of the ad, as submitted by the breeder. If the Club makes a mistake in the advertisement, the breeder is responsible to alert the Club. The Club will correct the ad in the next regularly scheduled issue of the newsletter.
